

The State Board of Dental Examiners (Board) proposes this amendment to 22 TAC §101.3, concerning the requirements for licensure by credentials. This amendment will remove the requirement that an applicant must submit an application to the Professional Background Information Services (PBIS), a third party vendor, for determination of a successful background verification. This rulemaking resulted from Board staff's effort to reduce licensure costs and streamline the application process for applicants. Board staff is equipped to complete Level II background verification.
